How eCLIPS helps your school meet the Gatsby Benchmarks

Gatsby Benchmark	eCLIPS features
Benchmark 2: Learning from career and labour market information Every pupil, and their parents, should have access to good quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information.	• Professional careers writers • 700+ industry experts invited to comment on the content • Live streamed labour market information • Information on all potential routes into a career • Can be used at home with parents
Benchmark 3: Addressing the needs of the pupil Pupils have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each pupil. A school's careers programme should embed equality and diversity considerations throughout.	• Career Wizard matching tool • Summary and 'The Basics' leaflets for SEND and younger students • In depth information for older pupils and parents • Advice related to options at key stages • Leaflets supporting job hunting • Leaflets supporting alternative options
Benchmark 4: Linking curriculum learning to careers All teachers should link curriculum learning with careers. STEM subject teachers should highlight the relevance of STEM subjects for a wide range of future career paths.	• Information on STEM careers • Careers by school subject • Lesson plans for teachers
Benchmark 7: Encounters with further and higher education All pupils should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.	• Advice related to options at key stages • Information on higher education/ postgraduate study • Information on employment choices including apprenticeships • Information on college and vocational courses
